Our curriculum also includes the following supplemental courses and workshops (each section 1-1.5 hours/wk):

- Biblical Communication
- Christian Finance
- A Christian Perspective on Music
- Writing Workshop
- Putting the Fruit of the Spirit to Work

In addition, a wide variety of topics are addressed in our weekly seminar-style Forums and Assemblies by guest instructors.

## Calendar

The 2023-24 academic year runs for approximately 9 months, from **August 21, 2023 to May 17, 2024**. See the academic calendar for details.

## Expectations

---

Living Education-Charlotte students attend daily classes at the Living Church of God headquarters facility. The mornings are filled with classroom instruction and the afternoons are dedicated to volunteer service activities that give our students practical, real-life experience with what they learn in the program. In addition, our learning program includes a full schedule of social activities, building bonds of friendship with fellow students.

Students should be prepared to exercise independent life skills. They'll be required to manage their personal finances and budgeting. Cleaning, laundry, shopping, and cooking are part of daily life for our students, and everyone is expected to work together to create a peaceful, harmonious environment. This program is geared for young adults, aged 18-30, who can function in a mature way, with minimal supervision.

## Housing

---

Student housing is provided just a few miles from the headquarters facility, with one residence for the men and another nearby residence for women. Our accommodations are located in a safe, quiet suburban neighborhood, and the homes provide a very comfortable living experience for our students. Grocery and other shopping is available nearby. A Resident Assistant is assigned to each accommodation, providing guidance and encouragement for our students. All students are required to live in this Church-provided student housing. Student housing is provided free of charge to international students.

## Costs

---

### Tuition

Our program does not charge tuition for classes.

### Textbooks **\$150 (estimated for both semesters)**

For our courses, students must have a Bible in addition to their textbooks. The recommended version is the New King James edition of the Bible (NKJ). In addition, all students need to acquire the textbooks required for their courses. A student may use any vendor to purchase their textbooks, including Amazon, Christian Book, Barnes and Noble online, or their local bookstore.

### Additional Costs

All on-site students should have a personal laptop computer. Both the accommodations and classroom areas have wireless internet access. Groceries and any personal items are the responsibility of each student. No food service is provided by Living Education, but there is a full kitchen in each of the housing units. If necessary, transportation will be provided to and from the classroom facilities. If a student wishes to use his or her own vehicle, then gasoline, insurance, and maintenance costs would need to be considered carefully.

Estimated reasonable expenses for on-site students living in cooperative housing at Charlotte are provided in the following budget **covering an academic year of two semesters (approximately nine months)** as follows:

Estimated Costs	
Books and Supplies	\$ 150
Groceries & Personal Items	\$ 2,500
Gas/Auto Expense	\$ 400
Entertainment & Miscellaneous	\$ 300
<b>TOTAL ESTIMATED COSTS:</b>	<b>\$ 3,350*</b>

\*Grants to cover the expenses of international students may be available from the Living Church of God organization in the student's country of residence.

## Beyond Academics

Living Education-Charlotte is a rich learning environment designed to help students build strong biblical foundations, deep personal relationships with Jesus Christ and God the Father, stronger social skills, and a well-rounded perspective on life. Because of this, students are expected to participate in additional activities. Participation in these activities is required as they are considered to be part of the learning experience. Here is a sample of the types of activities which the students are involved in at Living Education:

- All students participate in a weekly Friday Evening Group Dinner with students, ministerial, and congregational guests. This dinner is prepared and hosted by different students each week. Students are given a budget and basic guidelines from which to operate.
- Men are required to participate in Spokesman Club while Ladies participate in Women's Club.
- All students are encouraged to participate in weekly or bi-weekly music lessons that can range from singing to instrumental training.
- Field Trips: All students participate in field trips to various destinations. These field trips are designed to increase fellowship and camaraderie. They also provide an opportunity to learn more about local points of interest, experience a variety of cultural events, and enjoy recreational opportunities. Past field trips have included: attendance at performing arts concerts, outreach work at a local food bank, travel to the historic Charleston, SC and a visit to Fort Sumter, visits to museums, pool parties, hikes in the NC mountains and more.
- Local congregational activities/service opportunities: Students often participate in other informal group activities and opportunities provided by the Charlotte, NC congregation.
